	Res	Jobanket Virtuous Veronica
	VHC	Bowlignbrook Makingwhoopi

MIDLAND BEDLINGTON TERRIER CLUB

SPECIAL AWARD CLASSES

25TH SEPTEMBER 2021

I would like to thank the exhibitors for their terrific entry, for accepting their placings so graciously and also to my steward who kept it all well organised.

A couple of things that I noted that had changed from the last time that I judged which were firstly a lot of the exhibits were lacking in muscle tone and general condition and that movement has also deteriorated in that very few of them moved with drive. There were also a lot of dirty teeth which is easily remedied. However, on a good note, I didn't find any bad mouths or feet.

GRADUATE DOG/BITCH (6 entries 0 absent)

1 st Bannisters Miteymidgets New Variant – Still a baby at just 7 months of age but she is feminine with a sweet expression, correctly angled front, nice length of neck, dark jacket of great texture.

Moved well for one so young.

2 nd Oxbury & Tonners Tunman Full Throttle – Nice size blue dog with a masculine head, thin ears and

correct bite. Going through the leggy stage at the moment as he still has a lot of maturing to do but given time I'm sure he will have a promising future. Moved OK.

LIMIT DOG/BITCH (6 entries 0 absent)

1 st Bannisters Miteymidgets New Vision – Litter brother to my Graduate class winner and a lot of the

same comments apply .However, this young dog has defiantly got more of the wow factor in my opinion. Saying he is only 7 months old he moved round the ring like he was much older, one of the few exhibits that had drive from the rear. Lovely reach of neck, large punishing teeth and very dark jacket of excellent texture. I'm sure he has a very promising future.

2 nd Jones's Pengerrig Pure Heart – Lovely feminine expression with correct scissor bite, thin ears laying flat to her cheeks. Good length to height ratio with the correct outline which she kept on the move. Well textured coat and moved well.

OPEN DOG/BITCH (9 entries 2 absent)

1 st Middlebrooks Ch Tcheria Tcharleston – Four year old blue dog that has matured into a masculine male. He has the correct wedge shaped head, gentle expression and scissor bite. Nice arch over loin which he kept both standing and moving. Low tail carriage and moved well.

2 nd Bannister's Miteymidgets Love in Bloom JW – Feminine 7 year old bitch with correct angulation both front and rear which showed in her movement. Good length of neck onto well laid shoulders. Low tail set and presented well in a crisp jacket of good colour.
